Nikkiso Co., Ltd. hereby announces that its consolidated subsidiary, Nikkiso Clean Energy & Industrial Gases Group (headquartered in California, U.S.A., "CE&IG Group"), has recently acquired all shares of CRYOTEC Anlagenbau GmbH (headquartered in Saxony, Germany, "CRYOTEC") from EPC Holding G

focusing on clean energy such as LNG and hydrogen, the company is promoting regional strategies such as strengthening its European business, developing new technologies, and reinforcing its production, sales, and after-sales service systems.

CRYOTEC, established in Germany in 1995, operates mainly in Europe and the Middle East, and has expertise in the design, manufacture, sales, and after-sales service of liquefied gas and industrial gas-related equipment and systems. Its strength is its engineering capabilities, including EPC of small LNG liquefaction plants and air-separation plants.

Through this acquisition, CE&IG Group will have a hub in Europe for liquefaction plants, hydrogen stations and CO2 businesses, etc., and CRYOTEC will be able to enhance its sales through the Group's sales network while increasing cost competitiveness through Group procurement.
